#### 6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes

One of the most important parameters to assess the effectiveness of any management institution, is the quality and number of placements done during the year. At PTVAIM, placement activities are treated as one of the most important priorities and are discussed in every Board of Governors, College Development Committee and IQAC meetings. The current happenings related to placement are discussed and new practices that can be implemented to enhance the employment opportunities of the students are also deliberated upon.

One such measure that was discussed and implemented during the year 2021-22 was "greater involvement of the alumni" in the Institute activities.Accordingly, the alumni who have by now established themselves in the Corporate world, were given the assignments as visiting faculty members and few others were invited to conduct the mock interviews of the current batches. These alumni could related better with the ongoing batches than the outside experts and could give concrete feedback to the students to improve their employability. They also got more placement opportunities to us through their personal contacts and could identify the students who would best fit into these profiles.This helped in generating better placements for our current batches.

#### 6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes

One of the most important parameters to assess the effectiveness of any management institution, is the quality and number of placements done during the year. At PTVAIM, placement activities are treated as one of the most important priorities and are discussed in every Board of Governors, College Development Committee and IQAC meetings. The current happenings related to placement are discussed and new practices that can be implemented to enhance the employment opportunities of the students are also deliberated upon.

One such measure that was discussed and implemented during the year 2021-22 was "greater involvement of the alumni" in the Institute activities.Accordingly, the alumni who have by now established themselves in the Corporate world, were given the assignments as visiting faculty members and few others were invited to conduct the mock interviews of the current batches. These alumni could related better with the ongoing batches than the outside experts and could give concrete feedback to the students to improve their employability. They also got more placement opportunities to us through their personal contacts and could identify the students who would best fit into these profiles.This helped in generating better placements for our current batches.

A training based business-plan contest- Wings2Vision 2022 was organized during January 2022- August 2022:

- To empower budding entrepreneurs with applicable knowledge & build entrepreneurial culture.

- To provide a competitive platform to participants to pitch their ideas, with chance to interact with industry experts and obtain funding.

It was a virtual competition due to COVID restrictions which was open for teachers and students across Maharashtra 03 teacher teams and 158 students registered for it. The competition started with 3 days Entrepreneurship Development Program which conducted virtually in association with Garje Marathi Global.

Involvement of Alumni in Employment Enhancement Initiatives of the Institute:

With a dual objective of strengthening the alumni connect and enhancing employability of our current students, PTVAIM invited our alumni who have now established themselves in the industry to conduct the mock interviews of the existing MMS batch and also to guide them about making themselves more industry ready. Our belief that the success stories of the alumni of their own Institute inspire the students better and they are more receptive to the suggestions by their successful seniors, was confirmed looking at the response generated by this initiative.
